[Lecrae Verse 1]

Im feelin good, forget my feeling tho  
Let's talk about my fillin, filled with tha Holy Ghost  
And I aint talkin smoke, I'm talkin fire  
I'm tryna shock the world, before they cut my wires  
I'm on that overdose, old me comatose  
See him let me know cause if you did you probably  
seen a ghost  
Fire in my bones, I'm spittin flames  
Boy that Word of God get at you like a Twitter name  
Truth up in my veins, everyday I need it  
But you don't hear me tho, you used to different  
speakers  
They speak death and they stories aint at all the truth,  
They like to think they ballers, they just some foul  
shooters,  
Im so real 100 percent authentic  
I know how fake feel i dropped him off at the clinic  
Told em he need rehabilitation "gone take him" get  
him clean  
Met that Triune Light "what's that?" triple beam

[Chorus]

Gone check him in, before they close the door  
You got that Rehab, this is the overdose  
I'm on that overdose, I'm on that overdose  
I'm on that overdose, old me "comatose"

[Lecrae Verse 2]

They think I'm churchy, they think ya boy a lame  
Yeah I live for Jesus, I'm unashamed  
They talkin reckless what you 'spectin from the walkin  
dead  
You try to give em life, they want that death instead  
But 1st John make it clear what they wanna hear  
Hear go that overdose, go stick it in they ear  
I got my prescription, it's all consuming  
Eat His Flesh drink His Blood, Holy Communion  
I know the Truth is hitting home like Barry Bonds  
Yeah my God run the streets like a marathon  
Yes! Im'a believer Yes! I rep the Kingdom  
They ask me where to find the Lord they aint never  
seen Him

Homie God aint got no longitude or latitude  
Aye gone check him in, before they close the door  
You got that Rehab, this is the overdose

[Chorus]

Gone check him in, before they close the door  
You got that Rehab, this is the overdose  
I'm on that overdose, I'm on that overdose  
I'm on that overdose, old me "comatose"
