Verse 1: You know I'm still on a mission, man, I'm still gon' be spittin 'til I spill my intentions and you got saved and was reppin'. Then you strayed from the message, now you stay half-steppin boy. It's real. Yeah, people still dyin, still cryin on the inside, Satan still lyin. Still tryna show the world how coo you is. Aint' got a clue about whose you is. Get wit' the program, let 'em know, man. It's willing to fear, it's never been a show man. It ain't about hot beats and a flow man. But when you go, tell me where you gon' go man. Is it the world or Christ? The girls and ice. Five minutes of fame or eternal life? Who u wit? Choose correctly. Think who protects me? When I reject him, who accepts me?

Hook: Who u wit? Are you in it to win man? Are you livin' in sin or are you livin' through him man? Who u wit? Can't walk the fence y'all. It's God or the world 'cause the two don't mix y'all. Who u wit? What you need in life? The world can't give it to you. What you need is Christ. Who u wit? If you know who you serve, and you roll with the word, and you so sincerr.

Verse 2: A lot of people live for the moment, they want it, they gotta flaunt it, they worship the money and the fast life. You hear 'em on the radio and see 'em on TV in the sleazy scenes and then they wanna thank Christ. Man, I'm not above that. I see 'em in my backyard. Dudes act hard, but I know they really lack God. They don't know that God is holy. He oppose the proud, but exalt the lowly. That's why I'm rollin' wit' Him. My soul is wit' him. My treasure's are up in Heaven. Yeah, my gold is wit Him. Go wit God or just don't go. You either watered down or you just don't know. And I'ma say this straight so you do, man, it's true what they say. Ain't no maps to Heaven. It's only one way. You heard it all of your life. The word is right. If you ain't servin' Christ, then turn tonight.

Verse 3: I used to be the dude talkin' 'bout 'Only God can judge me. You can't tell me nothing man. Jesus love me.' But here I go again with the same ol' sin. The

same ol' friends. Comin' to the same ol' end. It's like
cheatin' on a test that you know you can't pass. Still got
to wait for teachers. Rap after class. No point in doin' it.
You're ruinin your life. Tryna live it for the world instead
of livin' it for Christ. I promise there's no extra love for
bein bigger than Fifty, Diddy, and Biggie in the
Heavens above. If you really like aborigine act it out. Be
Heavens biggest promoter. Try to pack it out. You could
win you a crown and be down with the team. And know
that the bloodstream of Elohim redeems. It's Jesus. I
don't say nothing else y'all. You ain't down with him,
you ain't down at all
