[Talking]

Christ through faith

I talked to a cat the other day

And he was like;

"Man I really wanna come to Christ

But I gotta clean my life up first, get my sins together"

I told em, I used to think that way too

I thought I had to change myself before I could come to Christ

But Christ changed me

Let me tell you my story, it starts like this

[Verse One]

It's 5:46 in the mornin', tossin' and turnin'

Chest burnin', sermons in my head keep reoccurin'

Havin' visions in my head of a kid

Cryin' at the feet of the Father, for all the wrong things that he did

Now I'm sweatin' in my sheets can't sleep

My mind keeps tellin' me I'm six feet deep

Don't remind me, even though I'm still alive I can't tell

The way I'm living my life I feel I'm going to hell

God they telling me I should accept you

That you had to leave the world, cause the world left you

Reason I can't change, like a mystery to me

So I make believe there really is a heaven for a G

Even though they say you loved the world so much, you shed ya blood

God I feel I'm too messed up for love

They tell me come as I am but I smell like smoke

My whole lifes full of sin cause it's all I know

The bible told me that you died for my sins

If I believe in Christ, it'll save me from the end

But I'm scared to ask you, to save me my heart

So evil, I got thoughts, that's full of hatred hurtin' people

I thought at first I had to clean up my life

Now I'm hearin' I just need to cling to the light

I'm ready to do it, but Lord I pray you understand

My life is a mess, will you take me as I am

[Chorus]

Will you take me as I am
I know the way I'm living is wrong
But I can't change on my own, trying to make it alone
I wonder, how could you love me when my life so ugly
But you came down and died for me

Will you take me as I am
I know the way I'm living is wrong
But I can't change on my own, trying to make it alone
I wonder, how could you love me when my life so ugly
But you came down and died for me
Will you take me as I am

[Verse Two]

I'm sick and tired of trying to be the man, my daddy
never taught me to be
I'm grown up now, life ain't what I thought it would be
I made many mistakes in my past I can't fix
Now I'm staring at this crucifix tatted on my wrist
Is it true what they telling me, am I just crazy
Did ya bleed on the cross, for my sins to save me
But why would ya die for me
My whole life I've been working for Satan, while He fed
lies to me
And now I'm hearing too much, trying to get a true
touch
Of a love that can change me, I'm all screwed up
Figure Hell is what I deserve
But your word says we all fall short so I guess we all
outta burn
Teach me I wanna learn
How you could save a wretch like me, before death
says it's my turn
I think I finally understand
No matter my past, you'll still take me as I am

[Chorus]

[Verse Three]

My father had a few last words to give
I be telling people the reason to live
The reason to die, united with the King in the sky
This life is passing us by, I got no reason to lie
You'll never give the world enough, they'll hunger for
more
They figure there ways are nuthin to the wonderous
lord
More security than the man that left you
More love than the moms who kept you

He'll always accept you
Be everything your supposed to
Let Christ rule ya heart, mind, body and soul cause He
chose you
And if the world don't know you
It don't matter you're Gods child and he'll never disown
you
Ya purpose on earth is far from worthless
That's why ya glorified like ya life's been purchased
And it don't matter if the world don't seen us
We still mean the world to Jesus

[Chorus]

[Talking]

Yeah, we're saved by grace through faith
It's not works
Ain't nuthin you can do, ain't nuthin I can do
That could get us this grace salavation that we got man
It's only Christ
So if you feel like you gotta clean yourself up
Before you can come to Him
Forget it
Just come to Him
He'll take you as you are, and he'll change YOU
From the inside, out
