I told you baby  
Long time ago  
I don't want no woman  
Baby, mess around my door  
I gotta move  
Baby, baby, baby, I got to move  
I don't want you messin' woman  
I don't want your foolin' round with me.

Hey.  
I told you baby  
Once upon a time  
You would be my woman  
Said oh, you'll be mine  
But that is alright

That's alright, alright  
Whoa that is alright baby  
Treat me wrong tonight.

Whoa, don't want you baby  
Always foolin' round with me  
Oh no no no no  
I don't want my baby  
Always foolin' round with me  
She tries to make me leave her  
Always get away from me.
