"Be There For Christmas"

Visit "[Be There For Christmas](#)" on MotoLyrics.com

You know Christmas
It's my favorite time of the year
And you know I'm rushing home
To see my man on Christmas

I'm gonna be there for Christmas
Right next to you on Christmas
I'm gonna be there for Christmas
Just me and you on Christmas
And I'm never gonna let you go

Been thinking all day what I'm gonna do
It's almost Christmas, gotta get home to you
My baby waiting and I can't be late
And when I get there we gon' celebrate

Christmas only comes one time in a year
I'm gonna spend that time with you my dear
I can't wait to whisper that I love you so
Underneath the mistletoe

I'm gonna be there for Christmas
Right next to you
(Right next to you on Christmas)
I'm gonna be
(I'm gonna be there for Christmas)
Just me and you
(Just me and you on Christmas)
And I'm never gonna let you go

I got a present that you can't put under a tree
And little does he know that present is me
Chocolate kisses and a bottle of wine
'Cause that man I got is mine all mine

Christmas only comes one time in a year
I'm gonna spend that time with you my dear
I cant wait to whisper that I love you so
Underneath the mistletoe

I'm gonna be there for Christmas
Right next to you on Christmas

I'm gonna be
(I'm gonna be there for Christmas)
Just me and you
(Just me and you on Christmas)
And I'm never gonna let you go

Christmas only comes one time in a year
I'm gonna spend that time with you my dear
I can't wait to whisper that I love you so
Underneath the mistletoe

(I'm gonna be there for Christmas)
Right next to you
(Right next to you on Christmas)
I'm gonna be
(I'm gonna be there for Christmas)
Just me and you
(Just me and you on Christmas)
I'm gonna be there
I'm gonna be there with you

(I'm gonna be there for Christmas)
Right next to you
(Right next to you on Christmas)
I'm gonna be
(I'm gonna be there for Christmas)
Just me and you
(Just me and you on Christmas)
I'm gonna be there
And I'm never gonna let you go
I'm never gonna let you go
I'm never gonna let you go
