Verse 1:

Lately its been hard for me to catch up on sleep
Cause when you walked out you walked into my
dreams
Hearing these memories all in my head
Was it your voice that said, Come back to bed?
I knew there was a reason that I had to walk out
But now I cant remember what the fight was about
I know I was mad, Said I was pissed..
But it wasn't so bad, not worse than this..

Chorus:

Cause I miss you now (Cause I miss you now)
I miss you now (I miss you now)
Baby you deserve another chance
Baby you're my man
Maybe we should try again, baby
Cause I miss you now (Cause I miss you now)
I miss you now (I miss you now)
Maybe It really wasn't all your fault
Wasn't so bad at all
Maybe I should come back home

Verse 2:

Your mama keep calling me, phoning my house
Asking me why you're sleeping on her couch?
How could we give up on something so good?
I tried not to call, maybe I should
I don't wanna be the reason that it didn't work out
We put too much into it just to give up now
Let's call it a truce, got nothing to prove
Been gone for too long and I missing you
Repeat Chorus

Bridge:

Maybe we can solve it by saying I'm sorry..
Maybe we can take it back to where we started..
I miss your kiss, long for your love
One month without you is more than enough
Maybe I just needed to breathe..
I walked away, now I can see..
I'm lost without you, don't know what to do
I called just to say that I'm missing you...
Repeat Chorus
