Mmmm, you know I love you right? Love you too  
Ain't nobody got what we got, no, no  
Wanna be with my Baby  
yeah this, this here is built from the concrete baby, it  
don't get no better than this. Ooo, no no yeah  
We had some ups and downs,  
Made a lot of bad mistakes  
But we've always had some good times  
And through it all  
You held me down,  
Baby you've always held it down  
Oh yeah,  
There were times when I was afraid  
and wanted you to leave  
But you stayed right here by my side  
You never let me go  
You always stayed around  
That's right, you stayed around  
And you been so good to me  
...it doesn't matter  
I know whatever comes our way  
You know , you and me, we gonna stay, together  
Baby we've been through so much  
Our love is so strong , you know, I know  
We gonna stay, together, oh yeah, my baby  
We know each other so well, you always seemed to tell  
When I need a little kiss and hug, that extra kind of  
loving  
You love me like a champion  
Baby you're my superman, yeah, yeah  
Girl you know just what I like  
What you do it makes me lose my mind  
I just wanna give you, make love to you  
Take me with you on a rocket, \*fly\*keep on loving til  
we touch the sky, whoa  
Till we touch the sky  
And it doesn't matter....I know whatever comes our way  
You know you and me, we gonna stay, together  
Baby we've been through so much  
Our love is so strong , you know, I know  
We gonna stay, together, oh yeah, my baby  
I love you, I love you too

You mean the world to me and I ain't never leaving.  
I ain't ever leaving this  
Together yea, uh yeah,  
Baby gonna stay together  
Gon', ... baby we gon' stay together  
Your love my love, our love, we gonna stay together  
Together  
Your love, my love, our love, we will stay together  
...gonna stay together  
We gonna stay, together, together.
