Far and wide, we see the warning signs

Bursting forth but we don't realize

Danger patiently is taking shape

Strange somehow we fail to see its face  
Isn't it vivid enough? It's hyper-villainous

Isn't it vivid enough? It's hyper-villainous  
The sun is set to go off, another second closer

Disarm the supernova! ~~It's~~!

Worlds collide, the threat is magnified

As we look on into the blinding light

Over tolerance and thought police

Show our weakness to the death machine  
Isn't it vivid enough? (clearly) It's hyper-villainous

Isn't it vivid enough? (clearly) It's hyper-villainous  
The sun is set to go off, another second closer

Disarm the supernova very carefully

This running just won't slow up; it's come to take us  
over

Disarm the supernova! ~~It's~~!  
Very carefully

Very carefully

Carefully  
The sun is set to go off, another second closer

Disarm the supernova very carefully

This running just won't slow up; it's come to take us

over

Disarm the supernova

Carefully
