Bought a ticket to spin in a circular world

I was bent out of shape by the lateral moves of a virtual girl

Now her body's electric next to mine (electric next to mine)

Artificially charged, we continue to turn as the planets align

Round, and round, and roundÃ¢â€Œ!

Tell me that this is real and not a simulation

Tell me that lips are sealed, don't stop the stimulation  
Bought a ticket to fly in a vertical world

The reality lives in the digital mind of a virtual girl

(Girl is virtual)

Tell me that this is real and not a simulation

Tell me that lips are sealed, don't stop the stimulation

You don't know what I'm feeling, virtual girl will reveal it

Tell me that this is real and not a simulation

The reality lives, the reality lives (Girl is virtual)

The reality lives, the reality lives (Girl is virtual)

The reality lives, the reality lives (Girl is virtual)

Round, and round, and roundÃ¢â€Œ!

Tell me that this is real and not a simulation

Tell me that lips are sealed, don't stop the stimulation

You don't know what I'm feeling, virtual girl reveal it

Tell me that this is real and not a simulation

She lives in simulation (She lives)

She lives in simulation (She lives)

She lives in simulation

Don't stop the stimulation

(Girl is virtual)
