Out on your own, misunderstood
If given the chance, to do what you could
You're losin' the bet, rock bottom's as low as you get

Determined to fight, determined to win
You never give up, you never give in..

You're a champion...
Tried to prove it to them all before..
Now you've always won....
And all that you wanted is yours

You're a champion...
Tried to prove it to them all before..
Now you've always won....
And all that you wanted is yours

Oh fire in your eyes uh, fire in your heart
Resistance prevails uh, the battle will start
Well wish for the sky, an' never take no.. for an answer

Determined to fight, determined to win
Ohh.. you never give up, you never give in..

You're a champion...

Tried to prove it to them all before.. (tried to prove it)
Now you've always won....
And all that you wanted is yours.. (all you wanted)

You're a champion...
Tried to prove it to them all before.. (tried to prove it)
Now you've always won....
And all that you wanted is yours

De...termined to fight, determined to win
You never give up, you never give in....

You're a champion...
Tried to prove it to them all before.. (tried to prove it)
Now you've always won....
And all that you wanted is yours.. (all you wanted)

You're a champion...
Tried to prove it to them all before.. (tried to prove it)
Now you've always won....
And all that you wanted is yours.. (all you wanted)

You're a champion...
Tried to prove it to them all before.. (tried to prove it)
Now you've always won....
