Well you walk, into my life
When you talk you say everythin' right
Ya got all the moves to get me wantin' you
Ya know what I like

Well it's bad, but it feels good
Feelin' guilty, I knew I would
I' got a boy at home
But I'm all alone with you ta-night

There's a chemistry
Between you and me (baby)
I can't deny it
I'm tryin' hard, ta stay away
But I'm runnin' out o' time
And my heart is on the line

(Dangerous), when we're together
(One night),
Could turn into forever
(Dangerous), don't make me fall in love...
No-no-no, uh-huh

It's a thrill, it's a shame
Is it you, is it me to blame
I just can't win if I run if I give in
It's all the same
Some kinda magic here
It's oh so clear (baby)
No matter how I try
I can't walk away, I can't stay
But I'm runnin' out o' time
And My heart is on the line

(Dangerous), when we're together
(One night),
Could turn into forever
(Dangerous), don't make me fall in Love...

(Well ya got me), in a touchy situation
But I can't resist
When I feel like this

Such a sweet temptation, oh yeah

(Dangerous),
When we're together
(One night), could turn into forever
(Dangerous),
Don't make me fall

(Dangerous), when we're together
(One night),
Could turn into forever
(Dangerous), don't make me fall in love...

Don't make me fall in love... no-no-no
Don't make me fall in love
Don't make me fall in love...
Don't, don't make me fall in love...
