TALK ("radio"):

... 83 degrees in downtown  
Detroit an' freeway construction has I-94 backed up  
From Woodward all the  
Way up to Evergreen. Also north-bound Southfield is  
slow  
Approaching 96, but  
Telegraph is moving well so if you're headed north it's  
a  
Good alternate.  
That's it for the Motown traffic watch - have a great  
Weekend.

SING:

He's... very cool, he's kinda rough  
An' he's lookin'  
Sweet, when he's talkin' tough  
A prince in leather, got an attitude  
Daddy  
Don't like him much, Mamma says he's rude  
I don't care, 'cause I'm young an'  
I'm free  
The only thing I know is that he's good... to me  
Uh-huh-huh  
Yeah

Calls me angel, he can drive me mad  
He takes away my blues...  
When I'm feelin' sad  
He' got his Motown, and of that he's proud  
When it  
Comes to rock 'n' roll, (he likes it loud)  
Never tell a lie, a-never let me  
Down  
Been around the world, he's the (best I' ever found)...  
Oh  
Yeah

(Whoa-oh-oh...), Motor City boy  
That boy is bad he's my passion  
Pain and joy  
(Whoa-oh-oh...), Motor City boy

(Wind me up) I'm your  
Toy  
Motor City boy

I like drivin' in the front seat with my baby  
(With my baby...)  
So fine 'cause he treats me like a lady (like a  
Lady...)  
Passin' by lover's lane I might say maybe, baby  
Oh it's gettin'  
Kinda steamy, baby can ya see me  
I don't know what I'm feelin' but I'm sure  
It feels good... ta me

Motor City boy, Motor City boy...  
He's my  
Passion pain an' joy...  
Ow!  
(Whoa-oh-oh...), Motor City boy  
That boy is  
Bad he's my passion pain an' joy  
(Whoa-oh-oh...), Motor City boy  
(Wind me  
Up) I'm your toy  
Motor City

(Whoa-oh-oh...), Motor City boy  
That  
Boy is so bad, uh he's good, so bad he's good ow  
(Whoa-oh-oh...), Motor City  
Boy  
(Wind me up) I'm your toy  
Motor City boy
