(Rock the hard way)

(Rock the hard way yeah)

Lone runaway

You feel scared but dangerous

Who wants you

Who needs you, who do ya trust

Your back's against the wall (against the wall...)

Too young to lose it all (lose it all...)

You've got to fight to keep sight of your dreams...

You've gotta (rock the hard way)

(Rock the hard way yeah)...

(Rock the hard way)

(Rock the hard way or don't rock no way at all)

Cold city

And you walk these streets alone..

But deep in your heart

You know you can't go home...

You feel so lost inside (lost inside...)

There's no place left to hide (place to hide...)

You've got to find the will to survive...

You've gotta (rock the hard way)

(Rock the hard way yeah)...

(Rock the hard way)

(Rock the hard way or don't rock at all)

Livin' on the line, hangin' on for life don't let go..

Keep your hands on the wheel, you're tougher than steel

You're fire.. in the night...

Your back's against the wall (against the wall...)
Too young to lose it all (lose it all...)
You've got to fight to keep sight of your dreams
Come on!

(Rock the hard way)
(Rock the hard way yeah)..
(Rock the hard way)
(Rock the hard way or don't rock at all)

You've gotta (rock the hard way)
(Ohh... oh... hard way)
(Rock the hard way)
(Rock the hard way yeah)...
(Gotta rock the hard way)
(Ohh.... oh.... hard way)
(Rock the hard way)
(Rock the hard way or don't rock at all)

You've gotta (rock the hard way)
(Ohh... oh... hard way)
(Rock the hard way)
(Rock the hard way yeah)..
(Gotta rock the hard way)
(Ohh.... oh.... hard way)
(Rock the hard way)
(Rock the hard way or don't rock at all)

You've gotta (rock the hard way)
(Ohh... oh... hard way)
(Rock the hard way)
(Rock the hard way yeah)...
(Gotta rock the hard way)
(Ohh.... oh.... hard way)
(Rock the hard way)
(Rock the hard way or don't rock at all)
