Tell the girls to hold their breath
Your brother's back in town
Cathy, Lisa, Mary-Beth
Your brother is the pretty one

He's been to England and Japan
And to the USA
While you sat in your cloud of smoke
Your brother is my only hope

So I might as well dance and get down with the
eurosport beat
'coz in just a few years it will all be to late
Dance and get down with the eurosport beat
'coz in just a few years it will all be, it will all be to late

You know Kafka you know Sartre
You party with James Joyce
You know their books and mama said
that comics are for little boys

So I might as well dance and get down with the
eurosport beat
'coz in just a few years it will all be to late
Dance and get down with the eurosport beat
'coz in just a few years it will all be, it will all be to late

Your brother is my only hope
Your brother is my only hope

So I might as well dance and get down with the
eurosport beat
'coz in just a few years it will all be to late
Dance and get down with the eurosport beat
'coz in just a few years it will all be, it will all be to late
