Verse I:

I don't know where my head went to
Cause all it does now is think of you
We got story that's still untold
Let's get together till we grow old
People tell me we've got time
But they can't feel you on my mind
Why put off our tomorrow when we can start today

Chorus:

Come on let's go, for a ride, Let's get crazy
I've been thinking there is something we should do
Cause I don't think I can wait another day
To hear those small town church bells sound
Let's hurry up and settle down

Verse II:

Things like this you can't rush into

But I just got your name tattooed
On a heart of gold etched in stone
Wear it on my neck so I'm not alone
I can't wait to feed you cake
Watch em' fight for your bouquet
Carry you in your pure white
Dress I'm praying you'll say yes

Bridge:

We're running down that isle
Your dad winks at me and smiles
Kiss you and puts you in my hands
My heart starts to race
Tears are falling down your face
There's no need to ask, You know I do

Verse III:

Hawaiian island honeymoon
We ain't even left our room
