I thought of walkin' out on you  
It's crossed my mind a time or two  
Nights we almost called it a day  
And days we almost threw our love away

We've thrown around goodbyes  
Called us off a thousand times  
We've called it everything but quits

We've said some things that hurt  
But love's always had the last word  
We've called it everything but quits

Well, I might get mad but it don't last  
Said things but always took 'em back  
Like all those I don't love yous anymore  
But anything worth havin' is worth fightin' for

We've thrown around goodbyes  
Called us off a thousand times  
We've called it everything but quits

We've said some things that hurt  
But love's always had the last word  
We've called it everything but quits  
We've called it everything but quits
