(jess brown/david lee/tony lane)

Better take a good look before I disappear
Because I'm just about to be your used-to-be
You might catch a glimpse of my taillights in the dust
And if you notice something missin', well it's me
'cause I tried and you lied
I cried and you stood by
Well, here's a little magic thing I do

Now you see me, now you don't
First you do but then you won't
Watch me vanish right before your eyes
You might think you see me there
In a cafe on a street somewhere
Yeah, that might be me but I'll be gone
Now you see me, now you don't

If you ever get the feelin' that it feels like deja vu
Because some stranger feels like someone that you
know
Might be the color of her lipstick or the smell of her
perfume
That sends a shiver all the way down to your toes

Don't blink 'cause it ain't yeah what you think
It's just your heart playing tricks on you

Now you see me, now you don't
First you do but then you won't
Watch me vanish right before your eyes
You might think you see me there
In a cafe on a street somewhere
Yeah, that might be me but I'll be gone
Now you see me, now you don't

You might think you see me there
In a cafe on a street somewhere
Yeah, that might be me, but I'll be gone
Now you see me, now you don't

Now you see me, now you don't

Now you see me, now you don't
Now you see me
