"When You Gonna Run To Me"

I get lonely
But I get along
I still think about you
Is that wrong?

I talked to your brother
And he said, you got a line on a job
You've been jettin' around
Like some big shot

(Ooh)
(You're runnin' from old mem'ries)
You're runnin' out of time, so

When you gonna run to me, baby?
When you gonna run to me, darlin'?

Well, I know it sounds crazy
But, I know in my heart
You can run for a lifetime
And not get that far

(Ooh)
(You're runnin' on empty)
You're runnin' on fire, so

When you gonna run to me, baby?
When you gonna run to me, darlin'?

'Cause in the end
You will stand once again by my side
But until then
I know waiting's as hard as goodbye
(Goodbye)
(Goodbye)

Ooh
You're runnin' out of reasons
You're runnin' out of time, so

When you gonna run to me, baby?
When you gonna run to me, darlin'?

When you gonna run to me, baby?
When you gonna run to me?
When you gonna run to me?
When you gonna run to me?
