[Hook]

Woke up in the morning, brushed the diamonds on my teeth  
Picked out a dope 'fit, threw on a platinum piece, ha ha  
Just another day (say what), in the life of E.S.G  
And I wonder what God, got in store for me out on these streets

[E.S.G.]

See it's a dirty world, but it still roll tape  
I done changed my ways, and these hoes still hate  
I keep my head strong, so these devils can't tempt me  
And every power, we some rocks and now I'm empty  
My lil G's, from elementary  
Either six feet deep, or in the Penitentiary  
God's been good to me, so I floss on chrome  
I show love to y'all turn around, and hate it in your songs  
Now what's wrong, cause I'm ducking these FED's  
Hit my stash for the infrared, and bust me a head  
Enough said, y'all can talk down if you wanna  
E.S.G. and Wreckshop, we keep it hot on every corner  
Keep a on a eye level, the mind enemies  
Use to have bad luck, like the Kennedy's  
But I'm a G, and I'm close to the Third  
But our life is so shife, so every night I say these words  
Now I lay me down to sleep, I pray that the Lord just watch over me  
E.S.G., playa Wreckshop soldier, somebody should told you  
The life don't know, its have to move so fast  
Cause one day you on the top, next day you on your ass  
So I'ma mash, cause and I'ma mash  
Talking bout mashing mayn  
I'm up in Laxford, on the gas fa sho  
I'm sitting low to the road, I hold it down but bold  
Now what do you know should of rolled, these glass S-4's  
I come down Benzo, platinum coated Lorenzos  
Come by the bus stop, all my diamonds exposed

Hoes tipping on they toes, trying to peep out my low  
My Lincoln truck on hold, my wardrobe bout explode  
A brand new episode, called NWO  
Wreckshop so throwed, by the year 2 triple O  
Spending six zero's, on new studios  
Now record deals come and go, so we want much mo'  
Than a punky million dollas, for you to control our do'  
At least I want fo', for videos and major shows  
Cause with no promos, there's no platinum or gold  
But niggaz act like hoes, when they get cash flow  
We black owned independent, so don't ask no mo' and  
see

[Hook]

[E.S.G.]

Now I'ma mash for green, and get my green and my  
chedda  
Peace still to P-A-T, it's ghetto dreams forever  
When my partna was living, we bobbed and mashed  
together  
Cause my rims done got better, candy paint done got  
wetter  
Watch the fight whatever, four screens in the leather  
Picking up a clear reception, no matter the weather  
Gucci sweaters hide barettas, I call em up flashing  
wettters  
Shoot em up my damn part, they got a metal detector  
Now whenever however, whatever it is that ain't clever  
To lose your life trying to wreck, the Houston trend  
setter  
I am the I-10 connector, rare diamond collector  
First time I might touch you, turn around and dissect  
you  
Seen you readers call me Hector, cash fetching who  
sent you  
If you want me I might check you, play like I never met  
you  
Red dot reflector, I send them boys home sooner  
E.S.G. call me, the lyrical Roy Jones Jr., maan
