Hey hey I just had a magnificent idea
Why don't you slip that sundress off?
I know somewhere under there
You've got my favorite swimsuit on

Show me that little butterfly shaped tattoo
You know the one just below that tanline
Don't be shy you know that I think you
Are the epitome of knock down gorgeous
Slap your mama fine

I can't help what you do to me baby
And you can't help how heaven shaped your body and
They're crazy if they think we're living in a man's world

Everybody knows it's all about the girl
The girl

You know you know how to get
Whatever it is you want
'Specially if you're being bad

Bat your big blue eyes
Put your hand down on my thigh
Nibble on my ear like that

I can't help what you do to me honey
And you can't help how heaven shaped your body
They're crazy if they think we're living in a mans world

Everybody knows it's all about the girl
The girl

[Instrumental]

You know I love what you do to me honey
You know I love how heaven shaped your body
You know I love how you kiss my lips
You know I love how heaven shaped your hips

I can't help what you do to me honey
And you can't help how heaven shaped your body and

they're crazy if they think
We're living in a man's world
Everybody knows it's all about

Everybody knows it's all about the girl
The girl

Lord have mercy it's the girl
