Maybe I'm just tired  
I'm never getting any sleep  
Maybe I'm just tired  
All of the secrets that I have to keep

[CHORUS]

And if I stay until the break of day  
Chances are you won't remember my name  
And when the morning comes  
I'll be on my way

One more night of my town  
And I swear I put the bottle down  
Goes you follow but I need you, see

Chorus x 2

And if I stay until the break of day  
Chances are you won't remember my name  
And when the morning comes  
And when the morning comes  
And when the morning comes  
I'll be on my way
