There's nothing to worry about  
In the end it'll be figured out  
We've sewn it together and we've torn it apart  
I'm fallen I'm fallen away

Deeper than your sweetest dream  
But nothing is quite what it seems  
You can't feel what it's like 'till you've been there my  
friend  
I'm fallen I'm fallen away  
Fallen away

And have you said everything that you needed to say  
Cuz I need you to know

I've asked every question I can  
And I found myself answering back  
Is everybody staring or is it all in my mind  
I'm fallen I'm fallen away

The view from the window's the same  
The picture is constantly changed  
I tried to avoid it but it's part of me now  
I'm fallen I'm fallen away  
Fallen away

And have you said everything that you needed to say  
Cuz I need you to know  
You're searchin for me you're searchin for you  
You've done everything that you can do

Cuz I need you to know  
I'm running on nothing but words  
As the page takes the turn for the worse  
Calling your name you're not answering back  
I'm fallen I'm fallen away

There's nothing to worry about  
In the end it'll be figured out  
We've sewn it together and we're fallen apart  
I'm fallen I'm fallen away
