Thank God I'm alive
Thanks for the holy times
Thank God I look pretty good

You say you're my guy
You tell a lotta lies
You think everything is good

But you know that love is like a river
Sometimes it's drifting you away
But baby if you would be my savior
I don't know why

I said goodbye, and
You said goodbye, and
We should have cried
But it would be a lie
I wonder why, and
You wonder why, and
We should have cried
But it would be a lie
Would be a lie

Feel me, soar my heart
No wish to fall apart
Don't think about the other day

But I know that there's someone inside your mind
Someone who is sharing with me all your time
I know that you're there when you go away

But you know that love is like a river
Sometimes it's drifting you away
But baby if you would be my savior
I don't know why

I said goodbye, and
You said goodbye, and
We should have cried
But it would be a lie
I wonder why, and

You wonder why, and
We should have cried
But it would be a lie
Would be a lie

I wonder why, yeh yeh
We, we should have cried
But it would be a lie
I wonder why, and
You wonder why, and
We should have cried
But it would be a lie
