(I can't believe that you would be with my bestfriend)  
(Would be with my bestfriend, would be with my  
bestfriend)

Another loved lost, it's all good though

I can't believe you're going to tell me I ain't love ya'  
Even after the crazy things that we did (We did)  
Everytime I hit you on the phone, you'd be busy.  
Why is it that you keep on hiding away from me.  
Now you got me stuck here going crazy, thinking of  
someone else out with my lady (Lady yeah)  
I pull up to your crib and I see you with him.  
I can't believe you with my bestfriend.

I can't believe that you would be with my bestfriend.  
I never would've thought that this could happen  
(Thought this could happen)  
I can't believe that you would be with my bestfriend.  
That, I never would've imagined.  
A-A-After all the time we spent, girl I caught you there  
with him (Oh girl)  
I can't believe that you would be with my bestfriend.  
B-Be with my bestfriend, B-Be with my bestfriend  
(Yeah)

Can't believe she do me like that, can't believe he do  
me like that.  
Now I'm left here with nothing, and I'm alone (I'm  
alone)  
I'm steady, looking at the pictures on my wall and now  
they don't mean a thing at all.  
Cause you were never was a friend of me, I'm looking  
at you as my enemy.  
W-Why you stuttering cause you were with another  
man.  
Babe, I can't believe it was my bestfriend (Oh no)

I can't believe that you would be with my bestfriend.  
I never would've thought that this could happen  
(Thought this could happen)  
I can't believe that you would be with my bestfriend.

That, I never would've imagined.  
A-A-After all the time we spent, girl I caught you there  
with him (Oh girl)  
I can't believe that you would be with my bestfriend.  
B-Be with my bestfriend, B-Be with my bestfriend  
(Yeah)

Just can't -

I can't believe that you would be with my bestfriend.  
I never would've thought that this could happen  
(Thought this could happen)  
I can't believe that you would be with my bestfriend.  
That, I never would've imagined.  
A-A-After all the time we spent, girl I caught you there  
with him (Oh girl)  
I can't believe that you would be with my bestfriend.  
B-Be with my bestfriend, B-Be with my bestfriend  
(Yeah)
