Visit "[Forever](#)" on MotoLyrics.com

the first time that i saw you
i knew right then i had to have you
you were standing on the stage
looking so damn good
i grabbed your hand
and we started to dance
i have to admit it felt like heaven
girl, now we're in love
the two of us
and you should know that i
would never give you up for nothing
cause in you, i found my best friend
love you til the end

the sky had never been so blue
the sun ain't never shine so bright before me
and now i know for sure
that your love is all i'll ever need
whenever i'm around you
whenever i'm around you, yeah, yeah, yeah
girl the love i have for you
will always be the same

don't ever let nobody tell you different
cause i only wanna be with you
and we can take a walk down the aisle if you with it
cause i don't want nobody else but you
you know i wanna love you forever, forever, forever

forever, forever, forever,
don't ever let nobody tell you different
never, never
cause my heart's gonna love you forever

sometimes you kiss & hug
got me feeling sometimes i never knew what it was to
be loved
but between the both of us
i know for sure there's no question
that i love you, i love you
you love me, you love me
and i would die without your lovin'

girl if you would ever leave me
so please don't you ever go
that's how i know for sure what i'm here for
the sky had never been so blue
the sun ain't never shine so bright before me
and now i know for sure
that your love is all i'll ever need
whenever i'm around you
whenever i'm around you, yeah, yeah, yeah
girl the love i have for you
will always be the same

don't ever let nobody tell you different
cause i only wanna be with you
and we can take a walk down the aisle if you with it
cause i don't want nobody else but you
you know i wanna love you forever, forever, forever
forever, forever, forever,
don't ever let nobody tell you different
never, never
cause my heart's gonna love you forever

girl you are the blame
for a player changing his game
gotta switch it up and make a change
cause i don't do the things i use to do
cause i rather be around you
so girl please
don't ever take your love away from me
please say you'll stay here with me forever

don't ever let nobody tell you different
cause i only wanna be with you
and we can take a walk down the aisle if you with it
cause i don't want nobody else but you
you know i wanna love you forever, forever, forever
forever, forever, forever,
don't ever let nobody tell you different

never, never
cause my heart's gonna love you forever

forever
forever & ever
