Im sayin its Lee Carr

It was like the perfect match I knew when we met (met)  
You became the girl I loved and my closest friend  
Til I let these girls get in the way  
My mistake, to not choose you over them

(Ohhh) We grew older, then we split and we grew apart  
Though I had them other girls you still had my heart  
Til I found someone to give it to  
Then you wanna come to my life again  
Now Im all messed up

Cause I never meant to fall back in love with you  
Now Im stuck and I just dont know what I should do  
How do I do right when Im still in love with you?  
And I know its so wrong  
How do I move on, how do I move on?

Then you had this special thing that I cant explain  
That I thought I felt in her, but it aint the same  
The more I tried to give my heart to her all the way  
The more I keep thinking of you

Cause I never meant to fall back in love with you  
Now Im stuck and I just dont know what I should do  
How do I do right when Im still in love with you?  
And I know that its so wrong  
But how do I move on, how do I move on?

Now I can just bounce, have a brand new start  
But how could I break a perfect heart?  
Got me stuck in the middle of a game  
Myself to blame

Cause I never meant to fall back in love with you  
Now Im stuck and I dont know what I should do  
How do I do right when Im still in love with you?  
And I know that its so wrong  
But how do I move on, how do I move on?
