This goes out to all the bad girls in the world, in the world!

Got my mind on my money, my money on my mind
I gotta find me a honey, and she gotta be fine
I need me a lover, that's worth my time
She just caught my eye!

Bridge:

With the 'on I, in a the dress so tight,
Man, her voice so loud.
She said, 'put your drink up for a while!', with smile
Man, her wrist so cold!
She ain't my girl, but I'mma treat her like she is
Take her right back to the crib,
Back to the crib, yeah!
Angel love, what's up?

Hook:

I got this drink all up in my cup
And it's feeling nice with her.
I got my hands all upon her butt
And it's feeling nice with her.
And now the drinking, the bust down
Straight to the crib, now she's coming
Ain't this the life, ain't this the life, the life?
The life, the life, I swear this is the life!
Every single night, I swear this is the life!
Ain't this the life?

You know it though
Baby you're so cold
In my bedroom your legs unfold.
I tasted your love, it taste so good
I swear I want it all, it all, oh, oh!

Bridge:

With the 'on I, in a the dress so tight,
Man, her voice so loud.
She said, 'put your drink up for a while!', with smile
Man, her wrist so cold!
She ain't my girl, but I'mma treat her like she is

Take her right back to the crib,
Back to the crib, yeah!
Angel love, what's up?

Hook:

I got this drink all up in my cup
And it's feeling nice with her.
I got my hands all upon her butt
And it's feeling nice with her.
And now the drinking, the bust down
Straight to the crib, now she's coming
Ain't this the life, ain't this the life, the life?
The life, the life, I swear this is the life!
Every single night, I swear this is the life!
Ain't this the life?

The life!

I got your legs in the air
Pulling on your hair
What a night
Ain't this the life!

Hook:

I got this drink all up in my cup
And it's feeling nice with her.
I got my hands all upon her butt
And it's feeling nice with her.
And now the drinking, the bust down
Straight to the crib, now she's coming
Ain't this the life, ain't this the life, the life?
The life, the life, I swear this is the life!
Every single night, I swear this is the life!
Ain't this the life?
