Ooh Ooh Ooh Ooh  
Oh Oh Oh Oh Oh Oh Oh  
La da da da da da d  
Uhm...

You walk on by  
Don't blink an eye  
It's kinda funny  
Got me wonderin' why  
Maybe I'm just not your type  
Or maybe I'm your Mr. Right  
I can be your Romeo  
You could be my Juliet  
Maybe I'm the one that you'll never forget  
I know that I'm just passing through  
But I might stay for you

You've only got one life, one life to live  
I wanna give it everything I got  
Who knows this might be it for us  
So why don't we  
Live it up,  
Live it up darlin'  
Give it up  
My heart is starvin'  
Live it up, Give it up  
Oh oh

Excuse me miss I don't mean to stare  
You got me hypnotized with your long, brown hair  
And your hazel eyes and your don't care smile  
Would it be rude to ask if I could stay a while  
I don't mean to intrude I had to say "Hello"  
'Cause if I never did then I would never know  
I may be just passing through  
But I might stay for you

You've only got one life, one life to live

I wanna give it everything I got  
Who knows this might be it for us  
So why don't we

Live it up,  
Live it up darlin'  
Give it up  
My heart is starvin'  
Live it up, Give it up  
Oh oh

And every second that passes me by  
And we're wasting precious time  
So let's find out what lies between  
You and me and the more we say "Hello"  
Let's get this right

So why don't we  
Live it up,  
Live it up darlin'  
Give it up  
My heart is starvin'  
Live it up, Give it up  
Oh oh

You've only got one life, one life to live  
I wanna give it everything I got  
Who knows this might be it for us

You've only got one life, one life to live  
I wanna give it everything I got  
Who knows this might be it for us

So you got to  
Live it up  
Oh live it up darlin'  
Give it up now  
My heart is starvin'  
Live it up now  
Give it up  
Oh oh

Live it up,  
Live it up darlin'  
Give it up  
My heart is starvin'  
Live it up, Give it up  
Oh oh
