I think about him holdin' you  
There's nothing much that I can do  
The seconds in the minutes  
The minutes in the hours  
The future is his  
And the past is ours.

You tell me I should just move on  
It's easier said than done  
The only thing left  
Keeping me company,  
Just me and my jealousy.

I lie awake at night  
You keep running threw my mind  
Jealous of the hand that you hold  
The city and the wind never seemed so cold  
Nothing left to me,  
Just me and my jealousy.

Just me and my jealousy

You said there isn't really much to say  
We'll be better off this way  
So tell me is it better while you lie in bed  
I wonder if you ever think of me instead.  
Now I got nothing left to prove  
When you got nothing you got something to lose  
The only thing keeping me company  
Just me and my jealousy.

I lie awake at night  
You keep running threw my mind  
Jealous of the hand that you hold  
Chicago and the wind never seemed this cold  
Nothing left to me,  
Just me and my jealousy.

I'm jealous of the pretty way you lay you're hand,  
The only thing that's lyin' awake is my regret,  
My regret  
And I'm jealous of the way he says you're name

I should've held you tighter but I let you walk away

I lie awake at night  
You keep running threw my mind  
Please turn in tonight  
I can't get you off my mind  
Jealous of the hand that you hold  
Chicago and the wind never seemed this cold  
Nothing left to me  
Just me and my jealousy

My jealousy  
My jealousy,  
Me and my jealousy
