Oh I can't get away, I can't get away
I can't get away, oh I can't get away)
She can talk that kind of love that makes you wanna
stay
(I can't get away, oh I can't get, oh)
I (can't get away, oh) I (can't get away)
I (can't get away, oh) I (can't get away)
She got the kind of love that makes you wanna stay
(Oh I can't get away, oh I can't get away)

Many a time she done me wrong
I know why she leaves here alone
But I'm blind by her love, looks like I'm here to stay
(Oh I can't get away, oh I can't get)

I try to forget her but I can't
I could leave town, but I ain't
I'm hog-tied by her love, & tied I'm gonna stay
(Oh I can't get away, oh I can't get, oh)
I (can't get away, oh) I (can't get away)
I (can't get away, oh) I (can't get away)
She got the kind of love that makes you wanna stay
(Oh I can't get away, oh I can't get away)

Anything she wants, you know she gets
The meanest girl I've ever met
But I'm blind by her love, looks like I'm here to stay
(Oh I can't get away, oh I can't get)

I try to forget her but I can't
I could leave town, but I ain't
I'm hog-tied by her love, & tied I'm gonna stay
(Oh I can't get away, oh I can't get, oh)
I (can't get away) I (can't get away)
I (can't get away) I (can't get away)
She got the kind of love that makes you wanna stay
(Oh I can't get away, oh I can't get away)
...& fade
