Oh Lottie Mo, oh Lottie Mo
Oh Lottie Lottie Mo
Oh Lottie baby, oh Lottie baby
What are you gonna do?
Oh yes, you're tellin' me that you love me
& not a word of it is true

Know you did me wrong
You know you did me wrong
You know you did me wrong
Oh Lottie baby, oh Lottie baby
What are you gonna do?
Oh yes, you're tellin' me that you love me
& not a word of it is true

Gonna leave this town
I'm gonna leave your town
I'm gonna leave this town
Oh Lottie baby, oh Lottie baby
That's what I'm gonna do
I'm gonna hit the highway
& get 1000 miles away from you

(instrumental)

No need to cry, no need to cry
No need to cry
Oh Lottie baby, oh Lottie baby
I know that we are through
Oh yes you wrecked a heart that loved you
Now there's nothin' more that you can do

Oh Lottie Mo, oh Lottie Mo
Oh Lottie Lottie Mo
Oh Lottie baby, oh Lottie baby
What are you gonna do?
What are you gonna do? Oh baby
What you gonna do? What you gonna do, girl?
...& fade
