Nobody ever tells you that, everything's gonna be
alright
And nobody ever tells you, everything's gonna be A-OK
And the day that we arrive, yeah they slap your ass and
say you've got to survive
And if only we knew from that day, until the day we
fade away

[CHORUS]

You've got to move to your left
You've gotta move to your right
You've gotta be a moving target, that's my philosophie
on life
You've got to get through it
You've gotta fight for every bit, you're in shark infested
waters
And life is a piece of shit
That's all there is to it

[CHORUS]

Everyone knows how hard it can be to make your way in
this world today
And everyone knows how hard it can be so we just do
our best
But it doesn't matter anyway, yeah cause when you're
old and you're going grey
The company out of progress, will sack you just like the
rest

[CHORUS]

You've got to move to your left
You've gotta move to your right
You've gotta be a moving target, that's my philosophie
on life
You've got to get through
You've gotta fight for every bit, you're in shark infested
waters
And life is a piece of shit
And that's all there is to it

[CHORUS]

There may be times when you're on your own
And you're unsure what all the fight was for
There may be times when you're all alone, and the
road ahead seems so long
And if you should stumble, yes and if you should fall
And there is no one to lean upon, to help you stand, to
carry on

[CHORUS]

Listen to the song
You've gotta move to your left
You've gotta move to your right
You've gotta be a moving target, that's my philosophie
on life
You've got to get through
You've gotta fight for every bit, you're in shark infested
waters
And life, oh is a piece of shit
[CHORUS]

Move to your left
You gotta move to your right
You've gotta be a moving target baby baby baby baby
That is my philosophie on life

[INSTRUMENTAL]

Oh you gotta move baby
Ah yeah to your right yeah
And that's my philosophie
Yeah that's my philosophie on life
Ah you gotta move, you gotta keep jumping up and
down, you gotta move all around
Yeah yeah that is my, yeah that is my philosophie on
life
You know that's what you should do

I have climbed the highest mountain
I have swam the deepest sea
I have danced in that fountain
And let it wash all over me
I have been all, that I could be
