Gotta 3 second memory
I live for now and not what is or isn't to be
Yeah that's me
I gotta 3 second memory
Whatever you tell me...
Oh it's gone in 3...c'est la vie

Well I never get the feeling
There's anything that I'm missing
I'm way too busy living my life
It's such a strife

I don't try to think about
The ins or the outs
I'm way too busy trying to figure out the here and now
What's that all about?

If I gotta choose
I get all confused
Haven't got a clue
Of anything that's new
Or who the hell is who

If I gotta choose
I get all bemused
The moment I loose... ohhhh
The time to just muse
Just be amused

I never get the feeling
There's anything that I'm missing
I'm way too busy living my life
Life such a strife

I don't try to think about
The ins or the outs
I'm way too busy trying to figure out the here and now
What's that all about?

I got no plans

For my life span

Whenever I can
Yeah I flim and I flam
Yeah that's ying and a yang

I got no plans
'cus I don't understand
Whenever I can
Ohhh I sing a song that I sang
The one I just began

I never get the feeling
There's anything that Iâ'm missing
I'm way too busy living my life
It's such a strife

I don't try to think about
The ins or the outs
I'm way too busy trying to figure out the here and now
Oh whatâ's that all about?

Do be doo
Do do do do dooo... ohhh
Do be do
Do be do be dooo... ohhh

I never get the feeling
There's anything that Iâ'm missing
I'm way too busy living my life
Life is such a strife

I don't try to think about
The ins or the outs
I'm way too busy trying to figure out the here and now
Yeah, whatâ's that all about?

Do be doo
Do do do do dooo
Do be do
Do be do be dooo
La la la la la la.
