It's the time to show the world we're strong,
we won't be terrorized.
Evils not allowed to win,
when you have heaven on your side.

It's for the one we've lost,
that we stand this strong today.
For the flag still stands for freedom,
and they can't take that away.
'Cause the flag still stands for freedom,
And they can't take that away.

(chorus)

And we're standing strong as Americans.
where at least we know we're free.
And we won't forget the ones who died,
on that Tuesday morning.

And we're going to stand up,
and see it through.
And defend her still today.
'Cause we'll never fall,
'Cause we will stand.
God Bless the U.S.A.

(repeat chorus 2x's)
