I've seen the Golden Gate in San Francisco Bay  
I've seen the Empire State and walked down ol'  
Broadway  
I've seen the northern lights in some Alaskan town  
Since I saw you with him I move I move around

I've seen a movie star at Hollywood and Vine  
I've seen the Zanzibar and heard the Big Ben chime  
I've seen the Eiffel and I'd been in New Cape Town  
Since I saw you with him I move I move around  
[ strings ]  
I've seen a Matador in Barcelona cry  
I've seen old Singapore the bridge on River Kwai  
I've seen the Marty Gras and been in one horse town  
Since I saw you with him I move I move around  
I move around I move around
