You always said you never needed  
Anyone else but me  
And now someones come along  
To change your mind  
About all that love can be  
And I don't even mind  
The way he takes up all your time  
I even think it's kind of sweet  
That he reminds you of me  
And it brings a tear to my eye  
And a smile to my face  
Cause Ive never felt so much love  
As when you hold him and say  
Oh, baby, look what we made  
When we made love  
All by ourselves  
With some help from above  
In the middle of the night  
We really did something right  
Oh, look what we made  
When we made love  
From the first time we met  
I knew I'd always  
Give my love to you, oh, baby  
And the love that you gave me in return  
Made all my dreams come true  
And this new dream that we share  
Has your eyes and my hair  
So healthy and strong  
With a mind of his own  
And I thank the Lord every day  
For our brand new family  
And to think it all started  
With just you and me  
Oh, baby, look what we made  
When we made love  
All by ourselves  
With some help from above  
In the middle of the night  
We really did something right  
Oh, look what we made  
When we made love

Oh, look what we made  
When we made love
