Me and Charlie shot a man this morning
He was such a dreary man this morning
His gun was fast and that's a fact so Charlie shot him in
the back
Me and Charlie shot a man this morning
(Sing a song some more that's what you live for)

Me and Charlie shot a man this morning
He was such a greedy man this morning
Devide his gold he would not do so Charlie shot him
half into
Me and Charlie shot a man this morning
(Sing a song some more that's what you live for)

Me and Charlie we got shot this morning
Boy it hurt an awful lot this morning
Charlie died what could I do so I lay down and I'll die
too
Me and Charlie we got shot this morning
(Sing a song some more) there ain't no more (that's
what you live for)
