"When Will We Meet Again"

I'm tryin' to remember what you said to me
The first time you walked past my way
And I'm tryin' to remember the smile on your face
When I said you cannot be replaced

But now I can feel you, I can touch you
Since the day you left and had to go
I close my eyes, pray that I
Would somehow see you once, boy

And I swear that I will find my way to you
One day that day will come
When we will meet again

I ain't battlin' you out of my head
'Cause I believe in faith this day
Now if we really were meant to be
[Incomprehensible] together
And that is it for me forever

I can't feel you, can't erase you from my mind, baby
Let me let you know
I wanna hold you, wanna love you
How all the watches grow up

I swear that I will find my way to you
One day that day will come
When we will meet again

I didn't get a chance to
Give myself to you
All things happened for a reason
Why you came and why you're gone
Now you're all I'm lookin' for

So I swear that I will find my way to you
One day that day will come
When we will meet again
When we will meet again
When we will meet again

I swear that I will make my way to see you

And I won't stop until I find you
One day that day will come

I swear that I will make my way to see you
And I won't stop until I find you
One day that day will come

One day we'll meet again
Yeah, we'll meet again
