One night Johnny sang the truth to me  
on a northbound train from Nashville Tennessee  
Taught me all the letters in a lam  
sang 'freedom is where you think it is  
but there ain't no train to Stockholm'

Recieved your invitation to the war  
I sent it back so please don't send no more  
I'd rather rot in some jail all alone  
singin' "freedom is where you think it is  
but there ain't no train to Stockholm'

If I have to ride this train a hundred years  
and all I drink is my own tears  
I'll not kill for you or on my own  
singin' 'freedom is where you think it is  
but there ain't no train to Stockholm'

Government send politicians too  
there's lots of people feel the way we do  
a hundred million of us can't be wrong  
singin' 'freedom is where you think it is  
but there ain't no train to Stockholm'
