Nothing has changed.
Your moon and your stars look the same.
You wanna change how you visualise?
Just open your eyes.

Each day is the same.
The deja vu drives you insane.
Feel like you're drowning in compromise?
Swim against the tide, tide, tide, tide...

All that you,
All that you know.
Say goodbye, say goodbye, say goodbye to
All that you,
All that you found wrong.
Say goodbye, say goodbye, say goodbye to
All you know.

When you were a child,
The littlest things made you smile.
Hard as you try, You only get that high
Just once in a while.

There's no-one to blame,
It's just there's something inside you that's
changed.

Feel like you don't wanna hide no more.
Stand out in the rain, rain, rain, rain...

All that you,
All that you know.
Say goodbye, say goodbye, say goodbye to
All that you,
All that you found wrong.
Say goodbye, say goodbye, say goodbye to
All you know.

There's no such thing as change
Without a little sacrifice.
You open one door, then you
Close another door behind.

(So say your, say your goodbyes to...)

All that you,
All that you know.
Say goodbye, say goodbye, say goodbye to
All that you,
All that you found wrong.
Say goodbye, say goodbye, say goodbye to
All you know.

You know...
