The dawn is breaking  
A light shining through  
Your barely waking  
And I'm tangled up in you

I'm open you're closed  
Where I follow you'll go  
I worry I won't see your face  
Light up again

Even the best fall down sometimes  
Even the wrong words seem to rhyme  
Out of the doubt that fills my mind  
I somehow find you and I collide

I'm quite, you know  
You make a first impression  
I found, I'm scared to know  
I'm always on your mind

Cause even the best fall down sometimes  
Even the stars refuse to shine  
Out of the back you fall in time  
I somehow find you and I collide

Don't stop here  
I lost my place  
I'm close behind

You and I collide

Collide

You and I collide

Collide

You and I collide

Collide
