Verse 1:

I remember what you said when you said it to me last
night

We was talkin and you reassured me everythings fine
When i woke up this morning to get some lovin from
you

I turned two one sides
to my surprise i wasnt layni next to you
Why did you get close to me thiught it ws supposed to
be

Me and you you and me so complete
Why you handlin me this way What was it you ws talkin
yesterday

Yesterday i could say i seemed to be so complete

Chorus:

Just by the way you said nothin

No kiss no lovin

Its ashamed what it bring s about the weak in me
Don't spens alot of time wit me Shared things i wont
speak

Without you i'm incomplete

Verse 2:

So i waited and i waited cause i knew that you would
call

After one hour two hours three hours not at all

If i'm dreamin wake me up

Cause i just about had enough

I had Enough i cannot see how you would ever let this
happen to me

I still believe that it was supposed to be me and you you
and me so complete

If you sayin that you need to leave

Well be a man about it step to me

Step to me tell me please

That without me its so complete

Chorus

Break:

Won't you tell me right now what you want from me

Cause its been too long that you've held it in baby

Thought you was the one but you just played me

Now i feel that i'm so incomplete

Chorus

Baby what more can i say cause i don't want you to feel
that way
What it is you want to do cause i want to be with you
You
