[Chorus: ]

You know I hate it  
When you go away  
But you'll coming  
And I'm still waiting  
What you give to me stays on my brain  
Hours, minutes, seconds  
Oh, I'm still here waiting on you

The feeling you give me  
When you hold me in your arms  
I wish I had that feeling right now  
My skin still smells of your cologne  
Remember when I had your body right here, oh

As I lay here in a daze  
Thinking all about the love we made  
Really the night to turn to day  
Just want to hold to you

[Chorus: ]

Even as I go about my busy day  
Back of my mind can't get you out of, no, no baby  
Stolen moments fantasizing about your touch  
I should be focussed but you're in my head  
It's too much (too much)

Now I'm all in a daze  
Thinking 'bout the love we're going to make  
Should have left my emotions in the bed  
But they're here with me instead

[Chorus: Repeat 2X]

Waitin', waitin'  
Waitin' on you  
Oooh, waiting...
