I Was Just A Lonely Driver
With My Hands Off The Wheel
Searchin' That Far Horizon
For Somethin' Real

Then You Came Along Like A North
Star Shinin' Now My Way I'm Slowly
Findin' Like You Knew Where I
Needed To Be

Chorus:

You Made Something Out Of Nothin'
Something Out Of Nothin'
Something Out Of Nothin'
When You Made Something Out Of Me
Up Until This Moment
I Never Knew It Was There
Till You Pulled It Like
Magic Right Out Of Thin Air
I Could Not Believe It
Much To My Surprise
Reflected There In Your Eyes
Was The Man That I Wanted To Be

Repeat Chorus

Was It Faith That You Had
To See The Good Through The Bad
More Than I Could Have Ever Believed

Repeat Chorus
