[VERSE 1]:

'What's her name?' Why you asking, honey?
Part of what you don't seem to understand,
Is that my eyes are mine,
And they're only for you,

It's a shame that you're acting funny,
Stood here making me look less of a man,
When you cry; I ask 'why?'
Is there something I didn't do?

I'm not leaving here without you,
But you can leave me where I stand,
From the dawn until the next moon,
I guess that time is all I have,

[CHORUS]

'Cuz I can make you feel like we're breaking rules,
Without all your screaming; still speak the truth,
I've never had to sit and watch the sun to see the stars,
Better take you as you are,

[VERSE 2]:

About time you decide now, honey,
It's too soon for you to be making these demands,
Pride inside can't hide;
It's telling me what to do,

It's a shame that you're acting funny,
Stood here making me look less of a man,
When you cry; I ask 'why?'
Is there something I didn't do?

I'm not leaving here without you,
But you can leave me where I stand,
From the dawn until the next moon,
I guess that time is all I have...

[CHORUS]

'Cuz I can make you feel like we're breaking rules,
Without all your screaming; still speak the truth,

I've never had to sit and watch the sun to see the stars,
oh,

'Cuz I can make you feel like we're breaking rules,
Without all your screaming; still speak the truth,
I've never had to sit and watch the sun to see the stars,
Better feel like I'm loving you,

'Cuz I can make you feel like we're breaking rules,
Without all your screaming; still speak the truth,
I've never had to sit and watch the sun to see the stars,
Better feel like I'm loving you...
