Without your smile,  
Without your touch,  
I am no use to anyone,

Without your voice,  
To soothe my ear,  
I am lost and don't know which way to turn,

Always see the beginning,  
And fear its the end,  
As you tell me you love me,  
I can't comprehend,  
So...

Don't leave me,  
Now you're with me,  
Please say you'll stay always,

Don't leave me, no,  
Now you're falling, girl,  
'Cuz without your love,  
I am no use to anyone,

Without your hand,  
Entwined in mine,  
It's a miracle I still breathe,

Come rain or shine,  
Until all time,  
I will love you eternally,

Always see the beginning,  
And fear its the end,  
As you tell me you love me,  
I can't comprehend,  
No..

Don't leave me,  
Now you're with me,  
Please say you'll stay always,

Don't leave me, no,  
I've fallen girl,  
'Cuz without your love,  
I am no use to anyone!

Oh.. no use,  
No use to anyone,
