[Juvenile]

Girl, you looking for a Hot Boy ha, ghetto rough ha  
You wanna see how it is to have me tossin' you up ha  
Look, I'm 5' 11", bull legged, skinny, you get it and  
Now settle down and let Juvie handle his bidness and  
Turn it over, tune it up, let me hit that  
Ain't a better place you could be so you could quit that  
You with that nigga, ha  
Playin' games, askin' for change  
'Round my people sayin' your name

[Profyle]

Girl, you should know playin' around with fire  
And you might get you burned  
You must be inside  
To think that I'm a hoax playin' me for easy sleezy  
Baby, you should know  
That not the way I roll  
No

1- Don't play dumb when you know you want some  
You ain't gon' get it  
Baby, you know I ain't the one  
He was your man, but he's my best friend  
So I ain't gon' hit it  
Baby, you know I ain't the one

I just can't understand  
Why you wanna go behind the back of my best friend  
Messin' around with me  
You must be insane  
Don't you realize the game recognizes game?  
So face reality, don't hate on me

Repeat 1

Repeat 1

Don't get it on, get it on  
Get it on, get it on, on on  
I can't get it on, get it on  
Get it on, uh uh uh uh

I ain't crazy (I ain't crazy)  
See this is all too close  
Don't try to play me (Don't try to play me like a fool)  
But baby I ain't the one  
Don't play dumb  
When you know you want some (Don't you want me  
baby?)  
He's my best friend (He's my friend)  
He's your man  
Baby I can't go on

[Juvenile]  
Ah, whatchu worryin' 'bout me for, babe where you  
live?  
You needs to clean yourself up and take care of them  
kids  
Let me tell you did, I'm a man, you understand?  
I don't wanna touch you with my hands, you  
understand?  
But I'm gon' leave that 'lone, let that go  
Just make sure it don't happen no more  
I'ma hafta admit it girl, you thicker than a sticker  
But I'ma let you go cuz you got your nigga witcha

Repeat 1 to fade
