So here we both stand after so long apart
Want to let go, but you're still in my heart
Should I give in to what's on my mind?
Should I just surrender, let fate decide?

Cos I don't wanna let you down
No I don't wanna let you down

Do you still remember, the laughter and tears
Who would have thought, the memories would last all
those years
And I never gave in, I believe that somehow (yeah
yeah)
That you're the one who really knew me
Do you know me now?

Cos I don't wanna let you down
(Don't wanna let you down)
No I don't wanna let you down

Sometimes my mind runs away

And I need your guidance here tonight ? Oh
Sometimes, help me find the way to love
To finally love again (to finally love again)

Here we are together I'm trembling inside
But do I keep the memories safe in my mind?
There's a chance to stop the sorrow
There's so much to loose
Are you gonna be the one to show me babe...
The road I must choose

Cos I don't wanna let you down
No I don't wanna let you down

Noo... don't wanna let you down
