All of the things I never did
I was waiting for the right time
All of the things I never said
I was waiting for the right line
When is the right time ever right?
I'll be waiting all my life
So I'm gonna show you now
Only way that I know how

And I don't care who sees
I don't care who tells who
I wish the whole world knew
Baby I've been kissing you
Though people walking by
May stare at you and I
The world is out a view
Baby when im kissing u

Girl I have nowhere left to go
I was waiting for the right time
Something you say to let me know
It was time to cross that line
All of the time I didn't know
That you were already mine
Let me take you all the way
Show you what the words can't say

And I don't care who sees

I don't care who tells who
I wish the whole world knew
Baby I've been kissing you
Though people walking by
May stare at you and I
The world is out a view
Baby ive been kissing u

Why, should i hide
When you're close to me
It's the only time, I'm alive
And I.

And I don't care who sees
I don't care who tells who
I wish the whole world knew
Baby I've been kissing you
Though people walking by
May stare at you and I
The world is out a view
Baby when im kissing u
Baby when im kissing u
