I wanna get away,
I wanna lose this place,
You look addictive
and it's I who will lose,
falling for you.
So when I lose my grip,
feels like I'm gonna slip,
I get the feeling like I'm dreaming
and I think that I know you,
but that's not the truth.

I think it's time to go
before I lose control with you,
with you girl.

How did you get the best of me?
Feels like you left me open, (Left me open)
I don't know what I'm gonna do,
living without you.
Knowing you are my secret love.
And now I see I'm easing up,
Hooked on a dream, not giving up,
Living without you. (Without you)

I want a little taste, so look the other way.
Don't stick around 'cause you just might not like what
you see,
I'm scared of the dark with sunlight, I need sunlight.

I think it's time to go before I lose control with you, with
you.

How did you get the best of me?
Feels like you left me open, (Open)
I don't know what I'm gonna do, living without you.
Knowing you are my secret love. (My secret love)
And now I see I'm easing up,
Hooked on a dream, not giving up,
Living without you (Livin', yeah.)

I am in love with you, you are in love with me,
I need you high, but you leave me love so painfully.

I am in love with you, you are in love with me,
I need you high, but you leave me love so painfully.

I am in love with you, you are in love with me,
I need you high, but you leave me love so painfully.
I am in love with you, you are in love with me,
I need you high, but you leave me love so painfully.
(Yeah)

I am in love with you, you are in love with me,
I need you high, but you leave me love so painfully.
I am in love with you, you are in love with me,
I need you high, but you leave me love so...

How did you get the best of me? (How did you get)
Feels like you left me open, (Left me open)
I don't know what I'm gonna do, living without you.
(Living without you)
Knowing you are my secret love. (My secret love)
And now I see I'm easing up, (My secret love)
Hooked on a dream, not giving up,
Living without you. (Living without you.)

I am in love with you, you are in love with me,
I need you high, but you leave me love so painfully.
I am in love with you, you are in love with me,
I need you high, but you leave me love so painfully.
